Mitas ERL-30
for loaders, dozers
and graders

Mitas ERD-30
for dumpers
and scrapers

Mitas ERL-30 / ERD-30: innovative radial tyres for wheel loaders, dozers, graders, dumpers and scrapers designed for stone, gravel and sand surfaces. The deepest and most resistant tread pattern in the L-3 / E-3 category, with a large contact area and new tread pattern design ensuring improved traction and excellent driving comfort. Furthermore lower fuel consumption and a resistant construction suitable for retreading also make Mitas ERL-30 / ERD-30 tyres a positive benefit for your business.
